

OAK HILL COMMUNITY PARK & FOREST

Letter of Support Template

Please personalize by sharing how this project benefits the community.

Dear [INSERT NAME],

I am writing to you as a citizen of Morganton, North Carolina, to encourage you to support Foothills Conservancy of North Carolina's effort to protect a 660-acre property that could be a valuable natural asset as a community park and forest.

Foothills Conservancy is our local land trust that works to conserve this region's most significant natural landscapes, forever and for the benefit of all. The conservancy was successful in negotiating a purchase option on the property that has, for a brief period of time, prevented it from being further subdivided and developed. Foothills is in the process of raising \$3 million to acquire the land for community conservation.

Foothills Conservancy needs support and partnerships from our community and our local and state government to raise the funds needed to purchase the land for conservation, and later create a site for public recreation, education, community agriculture, and open space protection in our urbanizing region.

Please join me in supporting the Oak Hill Community Park and Forest!
